

2007 Annual Report

Community Foundation of the Mahoning Valley

Achieving Milestones

Achieving milestones ...

It is our pleasure to issue the 2007 Annual Report of the Community Foundation of the Mahoning Valley. We are pleased to report to you, our donors and friends, that during the past fiscal year we achieved some very special milestones. Nearly 150 of you joined us to celebrate our 5th year as an operating foundation. Together we have grown to over 50 donor funds and have provided support and consult to more than 200 non profit agencies. More and more members of our community are supporting us through contributions both large and small. During the year we made our 1st grant from our Young Philanthropist Fund, introducing our valley to a new generation of philanthropists. Next year we will have the great honor of reporting to you that we will have exceeded the \$10 Million milestone in grants made.

Your support has propelled us to accomplish much, and it is with great pride and sincere thanks that we submit our Annual Report to you.

"To give away money is an easy matter and in any one's power. But to decide to whom to give it, and how large, and when, and for what purpose and how, is neither in every one's power nor an easy matter."

Young Philanthropist Fund

Philanthropy is learned.

Community foundation boards are dedicated to uncovering solutions to social problems while building upon the strengths of the communities they serve. Understanding that the population is declining in Mahoning and Trumbull Counties and that the loss of many of our area's earliest philanthropists to retirement communities outside the Valley will impact charitable giving, the Community Foundation of the Mahoning Valley Board of Directors began seeking alternatives. The goal was to create an infrastructure that would facilitate the teaching, learning and practice of philanthropy among the younger segment of our community, a segment recognized as being a true strength.

Through a partnership with the Mahoning Valley Professional 20/30 Club, the Youngstown State

University Student Government Association, Youth Leadership Mahoning Valley and others, the Young Philanthropist Board was formed. The Young Philanthropist Fund was created by individual contributions and by funds raised by events, most notably the 40 Under 40 Awards Event. Our young philanthropists achieved a special milestone this year, as they awarded their first grant from the Fund. After fundraising, soliciting and analyzing grant applications and performing site visits, the YPF Board, together with the CFMV Board, approved a grant to TEACH. TEACH, is a program involving 8th grade students at Volney Rogers Middle School teaching

Philanthropist Fund's mentor, for her dedicated leadership.

The Foundation invites the Community to support our Young Philanthropists. Contributions may be made at any time, in any amount. A form may be found on page 4 of this report, or you may contribute at www.cfmv.org/donatenow.

Professional Advisors

Community Foundations Foster Long Term Relationships Built by Teams of Experts

The Mahoning Valley boasts many excellent financial and legal advisors who share a rich philanthropic history and effective strategies to assist donors in meeting their charitable intentions. The Foundation is proud to share our mission with our area's financial and legal advisors, and encourages our donors to work closely with their advisors to champion philanthropy.

For our professional and legal advisors...

Professional advisors have played a key role in increasing the Mahoning Valley's philanthropic resources, by working with the Foundation to help clients achieve their charitable intentions. Encouraging philanthropy also promotes goodwill for advisors. A recent article in *Trusts and Estates* ("The Disconnect", April, 2005) suggested that "some donors feel significant spiritual and emotional satisfaction, intellectual stimulation

and fun generated through their philanthropy." Other motivators, such as tax relief or an effective alternative to a private foundation, may be best addressed by the Foundation. Whatever the motivation may be, we can help you form a plan to address your client's unique interests and goals through an array of giving options. The variance clause built into our agreements ensures that the donor's wishes are met even if the original intent of the fund becomes obsolete over time.

The Foundation is guided by a Board of Directors chosen in large part for proven community leadership, philanthropic commitment and knowledge of the Mahoning Valley. The Board has a particular sensitivity for identifying and addressing current and emerging needs.

Encourage your clients to remember the Foundation in their estate planning. Many significant gifts may also be made during a donor's lifetime. We ask all professional advisors to discuss charitable giving with their clients. We ask all donors to encourage their advisors to include charitable giving as part of their counsel to other clients. Together, we can expand an already rich tradition of giving in the Mahoning Valley.

The Community Foundation of the Mahoning Valley is classified by the Internal Revenue Service as a not for profit, tax exempt 501(c)3 charitable organization. As such, all gifts to the Foundation are tax deductible to the maximum extent allowed by law. As a public charity, the Foundation pays no excise tax and is free of many administrative costs and restrictions placed on private foundations, thus making the Foundation an attractive alternative. If you have not worked with us in the past, we would welcome your inquiries by phone, or at www.cfmv.org. A special thank you to all advisors working with us to promote philanthropy.

Collaborations Strengthen Communities

Community foundations act as conveners and work to foster collaborative efforts. The Community Foundation of the Mahoning Valley's Board of Directors recognizes the need to showcase, encourage and strengthen philanthropy. The goal is to involve more for the benefit of all.

Mahoning Valley Grantmakers Association

The Mahoning Valley Grantmakers Association is an association of our area's most active grantmakers, convened by the Community Foundation as its founding member. The Association meets regularly to discuss and evaluate the current needs of our community as well as the challenges we will face in the future. The Association has created a network among grantmakers and has helped to raise awareness and expertise among its participants. The Community Foundation salutes our peers for the work they are doing in our community and thanks them for their support of the Mahoning Valley Grantmakers Association.

Ohio Grantmakers Forum

The Community Foundation of the Mahoning Valley is proud to be a member of Ohio Grantmakers Forum. Ohio Grantmakers Forum is an association of foundations, corporate contributions programs and other grantmaking organizations. The OGF mission is to promote leadership for organized philanthropy in Ohio and to enhance the ability of its members to fulfill their charitable goals.

The Institutional and Charitable Membership of the Community Foundation of the Mahoning Valley

The Foundation has two classes of membership. Our institutional membership includes Butler Wick Corporation, JP Morgan CHASE, Key Bank, NA, National City Bank and Huntington Bank. Institutional membership is based upon maintenance of a business presence in the Mahoning Valley, experience of the institution in administration of charitable trusts and foundations, and degree of support and commitment to the Mahoning Valley and its people.

Charitable membership includes The Youngstown Foundation, The Community Corporation of Youngstown, Ohio, and the Youngstown/Warren Regional Chamber of Commerce Foundation.

Our Institutional and Charitable Members have provided financial support to the Foundation and have lent other support in a number of ways. They are also responsible for the appointment of the majority of the members of the Foundation's Board of Directors, ensuring that our Board is knowledgeable of all affairs concerning our community, represents the diversity of our area's rich traditions and history, and is representative of a number of differing entities. The Foundation is proud to be associated with some of our area's most well respected organizations and thanks them for their ongoing support.

Together we are stronger.
