2014 ANNUAL REPORT
CONNECTING PEOPLE WHO CARE WITH CAUSES THAT COUNT

Community Foundation
of the Mahoning Valley
Your legacy. Our future.
Since our beginning in 2000, the Community Foundation of the Mahoning Valley has been able to stay true to who we are while focusing on our mission: “Enhancing the quality of life for the residents of the Mahoning Valley and future generations.” We continue to achieve our mission through meaningful grants and scholarships that serve and enrich the lives of our community residents.

Thanks to generous donors, we have awarded in excess of $15 million to over 350 charitable and educational institutions serving the ever-changing needs of our community. Currently, the Foundation administers over $56 million in combined assets and provides investment management, grant making and administrative services to over 100 donors and agencies.

During the past year, 2013-14, we distributed grants and scholarships totaling over $1 million in the areas of arts, education, health and human services and community well-being. The scope of our mission is broad, reflecting the wide-ranging interests of our donors.

We are inspired daily by the people we meet and their vision for our community. Our donors are passionate about the arts, value education, nurture our environment and donate to services that provide a chance for all youth and adults in the Valley to acquire the knowledge, skills, desirable qualities of behavior and character, wisdom and general competence that will enable them to fully participate in and enjoy the social, political, economic and intellectual life of the community. The Foundation also facilitates the distribution of scholarships for residents of the Valley.

In partnership with our fund holders, CFMV combines local resources with community knowledge and expertise to help nonprofits improve life in the Valley. While some of our donor-directed grants may fall outside the stated goals and priorities of the Foundation, all of our grantmaking is intended to build and maintain a healthy, thriving and vibrant community. These grants fall within five vital quality-of-life categories:

1. **Arts & Culture**
   - An active cultural community enriches the quality of life in the Valley and provides significant economic impact. The Foundation supports arts, culture and humanities organizations that bring the performing arts to the public, preserve and commemorate the events, places, and cultures that created and continue to shape the Valley and promote the distribution of ideas.

2. **Education**
   - Success in life depends on access to quality learning and educational opportunities. The Foundation supports programs that provide a chance for all youth and adults in the Valley to acquire the knowledge, skills, desirable qualities of behavior and character, wisdom and general competence that will enable them to fully participate in and enjoy the social, political, economic and intellectual life of the community. The Foundation also facilitates the distribution of scholarships for residents of the Valley.

3. **Community Well-Being**
   - We believe our Valley’s well-being hinges on citizen involvement. We make grants to strengthen our neighborhoods, infrastructure, and economy through programs that engage residents, protect our environment, promote recreation and attract investment in our Valley.

4. **Health & Human Services**
   - Health and wellness are at the heart of the quality of life in the Valley. We invest in a wide spectrum of programs and services focused on improving the overall health and wellness for all Valley residents. The Foundation supports efforts which assist individuals in meeting their basic needs such as shelter, food and clothing. We believe that in caring for the neediest, we improve life for us all. Additionally, the Trumbull Memorial and Western Reserve Health Foundations invest in initiatives which support public health priorities in the Valley.

5. **Other**
   - CFMV facilitates the wide variety of philanthropic interests of our donors through donor directed distributions approved by the CFMV Board. Distributions are made for donors’ interests that include activities such as animal welfare and organizations such as local churches and schools.

INVESTING IN EDUCATION

Mahoning Valley College Access Program

MVCAP is a non-profit organization providing college access and awareness services to local students. Thanks to the funding generosity of several area foundations, MVCAP has awarded over 400 scholarships to students from Mahoning Valley schools since 2002.

**HIGHLIGHTS FROM 2013-14**

- Provided college access programming for 1466 unduplicated students in Youngstown and Warren.
- AmeriCorps College Guide helped 179 students to complete a Free Application for Federal Student Aid.
- Eighty students from Warren and Youngstown participated in at least one of 10 college visits.
- AmeriCorps College Guides assisted with the “I Know I Can” reading program to raise early college awareness for students in second grade, which serviced over 600 students from nine schools in Youngstown and Warren.
- A total of 31 Last Dollar Scholarships were presented to graduating seniors representing Warren G. Harding, Youngstown Chaney, Youngstown East, Hubbard, Struthers, Victory Christian and Howland High School.

For a complete list of Grantees, July 1, 2013 – June 30, 2014, visit www.cfmv.org/grantees

CDF Summer School Program

Tabernacle Baptist Church sponsored the first Children’s Defense Fund Freedom Summer School program in the Mahoning Valley for six weeks from June 16 to July 25, 2014. With the assistance of the community, grants and members of the church, the Tabernacle Children’s Defense Fund Summer School® was able to engage 50 scholars in grades 2-6 from Youngstown area schools.

At no cost to the families, the scholars had the opportunity to focus on their reading skills to stop loss of learning during the summer. The Tabernacle CDF Summer School is organized to help students fall in love with reading, increase their self-esteem and generate a more positive attitude toward learning. The CDF is an organization that works to ensure a level playing field for all children while teaching them that they can make a difference in My Self, My Family, My Community, My Country and My World through education, hope and social action.

While reading is the main focus of the program, there are numerous components to the daily program including guest readers, motivational songs, arts and crafts, speech writing, cooking, math enrichment and field trips. The hope is to continue this program for many summers to come.

**INVESTING IN HEALTH & HUMAN SERVICES**

**Neighborhood Ministries Addresses Area Needs**

The Community Foundation supports Neighborhood Ministries after-school and summer youth programs in the Rockford Village housing development in Youngstown, the Kirwan Homes housing development in Campbell and at its West Side Community Center. These programs offer educational assistance, service learning opportunities and other activities that promote spiritual, social, educational and physical well-being. Specific activities include homework assistance, recreation and/or craft time, educational activities, Bible study, nutritious meals, summer reading readiness, socialization activities, and field trips. These programs include trips to the YMCA and utilization of services provided by the Community Foundation. The main goal of the program is to keep children off the streets while reinforcing and encouraging positive educational development. The children also receive health and developmental screenings including motor skills development testing, vision, dental and hearing screenings through various agencies. Speakers, videos, and other resources are also utilized to address age level needs.

The Community Foundation makes it possible for Neighborhood Ministries to reach out to children often left behind by society, giving them a hand up by providing opportunities and activities that help them envision a life and a future outside of poverty.

**Goodwill Continues to Make Impact**

Youngstown Area Goodwill Industries recently received two grants through the Community Foundation. Goodwill was awarded a $5,000 grant from the Kennedy Family Fund, a component fund of the Community Foundation. This grant will be used to provide support for the vocational rehabilitation services and programs that are currently not funded or under funded. The funds will be used to pay wages and benefits of staff, as well as other operating costs associated with providing services to individuals in sheltered/organizational employment and placement and occupational health services.

Goodwill also received a grant of $10,000 from the Western Reserve Health Foundation, a supporting organization of the Community Foundation. The funds will be used to support Goodwill’s visual services program. As visual support services continue to grow, the grant will help offset operational costs not currently covered by other funding sources.

**INVESTING IN COMMUNITY WELL-BEING**

**Goodwill’s Radio Reading Service for Visually Impaired**

Goodwill’s Radio Reading Service for Visually Impaired is the only service of its kind in the Youngstown area. Goodwill’s Radio Reading Service for Visually Impaired helps children reap what they sow in the Giving Tree Garden.

**Giving Tree Garden Helps Grow Community**

The Giving Tree Garden initiative, led by Mikenna McClurg and Allison Keith, has inspired Warren children to cultivate their own gardens. The primary goal of this project was to create a public art and garden space where neighborhood children could come and garden, as well as learn gardening techniques along the way. A group of 15 children, ages 4 to 15, had the opportunity this summer to work and grow a variety of vegetable plants in the 6x12 raised garden beds located on the corner of Scott and Vine streets in Warren. They met weekly to learn about sustainability of the gardens and public art. In addition to attending a cooking class to learn how to cook their own veggies, the group, along with their leaders, began working to incorporate a large mosaic that would act as a pathway to the various raised garden beds.

The most important element in the garden is how the neighborhood children have come together to help each other. They thrive on the attention from the adults and peer helpers. Warren’s community, as a whole, has taken so much interest in the project. The Giving Tree Garden has been a catalyst for giving neighbors a new-found sense of pride for their neighborhood. The ‘Gardens District’ has taken a turn for the better and we can’t help but feel we have had a small part in it.

Giving Tree Garden

**YouthBuild Completes Renovation**

YouthBuild Trumbull County is proud to announce the recent completion of the renovation of the blighted property at 1180 Parkman Rd, NW, in Warren.

The project began in September 2012 and was completed in August 2014. All of the participants of YouthBuild, including the Construction Trainer and Construction Assistant rehabbed the property for the occupational training component of the program.

This project is a tremendous example of collaboration that enabled YouthBuild to make a positive impact on participants, while revitalizing neighborhoods. It’s truly a second chance in life.

Projects like the one on Parkman Road are a great legacy to the work of the YouthBuild students. The graduates talk about the pride they feel when they walk past the house they helped renovate.

Jessica Hazelkorn, Program Manager
YouthBuild Trumbull County
Investing in Arts & Culture

YAHP Helps to Nurture Artistic Talents

This year, a total of 11 high school students from Trumbull and Mahoning counties, identified by their school districts as especially talented in the arts, were invited to attend either a fall or spring workshop session of the Youth Art Honors Program at the Butler Institute of American Art.

The sessions, taught by artist Ed Hallahan, provided complex studio art activities, training and instruction to students that are not available through their school district and traditional school curriculum. For the majority of students in attendance, it was their first opportunity to experiment with oil paints. The goal of the program is to support and challenge students by giving them the opportunity to practice their craft within the museum environment. Students were provided with what is normally a cost prohibitive material and, for the first time, use them to copy a Butler master painting.

“The smaller group setting with students from area high schools offered me a bigger perspective of the art community. Ed Hallahan was one of the most influential instructors I’ve worked with. He believed in us and let us pursue what we wanted. His talent and passion were contagious. He had the time to really walk me through painting techniques. That kind of one on one instruction is always more effective than a classroom.”

Stambaugh Transformed

The Henry H. Stambaugh Auditorium was built in 1926 and has since become a symbol of arts and cultural expression. While specific repairs and restorations have taken place over the years, the Grand Ballroom had been largely untouched in more than 20 years.

Thanks to the financial support of foundations such as CFMV, full renovations were made to the kitchen and the ballroom entrance. The income generated from the rental of the Grand Ballroom at Stambaugh Auditorium represents a major part of the operating budget while providing a unique and memorable venue for private and public events.

Even though much has been accomplished, there is much more to do. Plans to improve the HVAC, lighting, carpet, service bar and wall treatments will complete the package for this outstanding venue.

“Thanks to the financial support of foundations such as CFMV, full renovations were made to the kitchen and the ballroom entrance. The income generated from the rental of the Grand Ballroom at Stambaugh Auditorium represents a major part of the operating budget while providing a unique and memorable venue for private and public events.”

Restoring The Robins Theatre

And so it begins…The Robins Project is a grassroots effort to restore the former Robins Theatre space. The Robins has been long-identified as the catalyst to revitalize downtown Warren. Organizers of this project believe that as citizens, they can work with each other, local government, businesses and non-profits to create a vibrant center for arts and culture in the city.

The goal of the $14 million renovation is to re-envision the former theatre space and encourage community members to become active participants in its rehabilitation. This development project is by the people, for the people and will become a model project within Warren and other small cities.

For years, citizens of Warren have been searching for some change in their city. The Robins Project goes one step further – not only bringing change, but allowing locals to enact this change themselves. I am part of this change.

Play Brings Deaf Culture Perspective

Kent State University–Trumbull received financial support to stage a special production of Snow White and the Seven Dwarves (a.k.a. Deaf Snow White) in December 2013. Written by Iosif Schneiderman, Aaron Weis and William Morgan, the play was an experimental theatre piece that blended gesture, pantomime, American Sign Language and spoken English to retell the classic fairy tale from a deaf culture perspective.

The production was a unique theatrical event to promote better understanding across the deaf and hearing worlds through the sponsorship of a series of innovative and culturally significant productions possible, as it focused on important cultural issues, such as audism and the role of diversity in our community. It also provided an opportunity to create bridges between deaf and hearing artists, performers and audience members via the workshops, rehearsals and actual production of the play.

“I deeply appreciate the support of CFMV to help make this innovative and culturally significant production possible, as it focused on important cultural issues, such as audism and the role of diversity in our community. It also provided an opportunity to create bridges between deaf and hearing artists, performers and audience members via the workshops, rehearsals and actual production of the play.”

The Neil Kennedy Recovery Clinic (NKRC) received $25,000 in funding from the Western Reserve Health Foundation (WRHF) to assist in constructing an 8-bed recovery supportive housing unit, which is scheduled to open in early 2015. As the rate of opiate addiction soars in Mahoning County, the need for detoxification services has become staggering.

"We are so very grateful to Western Reserve Health Foundation for recognizing the need in our community and responding with a generous donation to help build Gelbman Recovery House adjacent to the Main Campus in Youngstown. The need for detox services in the Mahoning Valley has increased significantly over the past decade due, in large part, to the alarming increase of prescription-drug and heroin abuse," said Jerry Carter, NKRC’s Executive Director.

Annually, the Clinic treats more than 500 people. Over 930 individuals in need of detoxification are placed on a wait list, and 479 are wait-listed for over a year. This second housing project will serve an additional 400 patients through detoxification and 188 through residential treatment.

Additional 2014 Recipients

• Campbell Works for Children ~ $150,000
• Camelot Center and Homes for Kids / "The New Kids at Camelot" program ~ $12,390
• Children’s Rehabilitation Center / "Investing in Fitness for the Physically Challenged" program ~ $12,000
• Compass Family & Community Services 10-bed Daybreak Program ~ $20,000
• Humility of Mary Health Partners and Help Hotline / "Improving Maternal and Child Health" program ~ $40,000
• Trumbull Head Start / "Ta-Town" program ~ $10,000

The Western Reserve Health Foundation

The Western Reserve Health Foundation seeks to improve the well-being of all residents of Mahoning County by supporting innovative programs and services that address community health needs.

Total Giving in 2014: $50,000*
The Trumbull Memorial Health Foundation seeks to address the health care needs of Trumbull County residents.

**Total Giving in 2014:** $67,520

### The Trumbull Memorial Health Foundation

The Trumbull Memorial Health Foundation (TMHF) presented the Children’s Rehabilitation Center (CRC) with $30,000 to support the services of the CRC, which serves almost 1,000 children from birth to age 18 with numerous programs and activities including various therapies, social and educational services. “Children’s Rehabilitation Center is blessed to have the trust and support of the Trumbull Memorial Health Foundation,” said Robert Foster, Executive Director of the CRC. “With the receipt of this grant, we look forward to continuing the Center’s mission of providing high quality, uninterrupted pediatric care to medically fragile and disabled children throughout the Mahoning Valley.”

The TMHF funds, previously restricted to the support of Trumbull Memorial Hospital, are now used to support a broad range of health care services and health care education needs of Trumbull County residents. The Wilber Pediatric Care Fund was repurposed and approved by Probate Court to support the mission of the Children’s Rehabilitation Center in Trumbull County. TMHF will continue to address its stated purpose for Trumbull County residents, while also preserving their donor’s intent – a top priority for the Foundation’s Board of Directors.

### 2014 Scholarship Recipients

- Ten students from around Trumbull County were awarded $30,000 in scholarships ranging from $1,000 to $5,000 each from the Trumbull Memorial Health Foundation. The 2014 recipients were chosen based on both academics as well as need, but all are pursuing careers in the health care field.

HOW TO CONTRIBUTE
A contribution to the Foundation provides a variety of benefits to donors, whatever the philanthropic objective. By giving through the Foundation your generosity will allow us to target specific needs within the community.

The Foundation’s stewardship ensures that your charitable intentions are met and administered according to your wishes, for generations to come, even when community needs and organizations change. Our professional staff will help define your preferences. Grant administration is provided and grant applicants are identified, investigated, and monitored ensuring compliance with donor intent.

The Foundation will work with your investment advisor, tax advisor and attorney to ensure that investments are managed well, complying with all applicable law. You also receive favorable treatment of cash gifts, favorable treatment of closely held stock or real estate with no excise tax.

There are three easy ways to give through the Community Foundation —
- Donate online (credit card) at www.cfmv.org
- Donate by phone (wire transfers, gifts of stock) - 330.743.5555.
- Donate by mail (check/money order) - Simply fill out the envelope included in this report and return with your check to the Foundation.

A contribution to the Foundation provides a variety of benefits to donors, whatever the philanthropic objective. By giving through the Foundation your generosity will allow us to target specific needs within the community.

The Foundation houses the following permanent donor funds and is proud to represent our donors.

Denise and John York Fund
Young Philanthropist Fund
The Fund for Youngstown City Schools Foundation

DONOR ADVISED FUNDS
Establishing Your Philanthropic Legacy
Funds can be established by an individual or couple, a family, a business or any other group of people with shared charitable interests. You as well as those who contribute to your fund receive a tax deduction and at the same time benefit your community.

Community Foundation funds can carry the name of the donor, family, company, or someone the donor wishes to honor. All grants from the fund are made in the name of the fund, in perpetuity. Donors who prefer anonymity can choose names that reflect their funds’ charitable purposes.

The Community Foundation offers a variety of funds that have the flexibility to meet every donor’s charitable goals. Contact the Foundation today at 330.743.5555 to begin setting the course for your philanthropic legacy.

The Foundation houses the following permanent donor funds and is proud to represent our donors.

Alexis Morgan Stiner Memorial Fund
John S. and Doris M. Andrews Memorial Fund
Nancy W. and Bruce R. Beechly Family Fund
Better Business Bureau Center for Character Ethics Fund
The Boardman Fund
Boardman Schools Fund for Educational Excellence

LEAVING A LASTING LEGACY
The Community Foundation of the Mahoning Valley is a proud partner of the LEAVE A LEGACY® program through the Mahoning/Shenango Planned Giving Council. This program is a public awareness campaign designed to inspire people just like you to make a charitable bequest. Bequests are just one type of “planned gift” (a gift that will be distributed sometime in the future) that can be made to the organization(s) you value. The LEAVE A LEGACY® program activities are conducted locally by volunteers who are committed to promoting the importance of charitable bequests.

All types of nonprofit groups, including social service and arts organizations, churches, hospitals and educational institutions participate in the LEAVE A LEGACY® program. These partners help promote the message that people from all walks of life can “make a difference in the lives that follow” through a charitable bequest. The program does NOT solicit gifts for any particular organization. You are encouraged to make a charitable bequest to the organization(s) that you deem deserving of your support.

Funds of the Foundation

The Community Foundation of the Mahoning Valley works closely with individuals and community organizations to create funds that further the philanthropic objectives and wishes of each. Our staff works to help this diverse group of donors invest in what they care about most. Their broad expertise relating to community needs and issues helps coordinate resources to create positive change.

Funds can be set up in a variety of ways.

Agency Funds are permanent pools of assets that generate income and hopefully grow over time. These funds can provide a reliable source of additional income each year. Field of Interest Funds may include a broad purpose, such as supporting higher education, or more narrow purposes, such as providing housing to the working poor. Scholarship Funds are managed and awarded by the Community Foundation, and can be established for a school district or college of your choice. Designated funds are funds whose beneficiaries are specified or college of your choice.

For more information, call 330.743.5555.
